UCR		Average Prevailing Fee ²		80% of U & C		80% of U & C		Maximum Allowable Charge		Maximum Allowable Charge		See Footnote 3

1 Benefit increase by visiting your provider each year (See EOC for details).

2 With the Average Prevailing Fee, the plan allowance for each covered procedure is established according to the median dentist charges in the ZIP Code area where services are provided. Reimbursement allowances automatically adjust if there's an increase or decrease in the overall charges in the area.

3 Premier dentists agree to accept their Premier Contracted Fee as payment in full. Non-contracted dentists are reimbursed according to the program allowance, which is the amount determined by a set percentile level of all charges for such services by providers with similar professional standing in the same geographical area.

4 Child only.

Dental Rewards® by Ameritas Group

Members who visit the dentist and use only a portion of their annual maximum benefit in a year are rewarded with additional benefits for the following year. Based on the plan selected, members can earn additional money toward their next year's annual maximum benefit – if they use less than half of the annual maximum, they can increase their next year's coverage by \$250 and earn an additional \$100 to \$150 if they visit a network provider. For more information on Dental Rewards®, please visit www.ameritasgroup.com. (Dental Rewards® is a registered service mark of Ameritas Life Insurance Corp. and is used with permission.)
